

The logo consists of the lowercase letters 'm' and 'K' in a white, serif font, set against a black square background. This square is placed within a larger, semi-transparent grey square that has a subtle wood-grain texture.The background image shows a bright, modern living room. A light-colored sofa with several cushions is positioned on a light wood-look floor. Large windows on the right side let in natural light, and a large indoor plant is visible in the background. The scene is partially overlaid with several diagonal green stripes that create a sense of movement and depth.
