

The logo consists of the lowercase letters 'm' and 'K' in a white, serif font, set against a black square background. This square is placed within a larger, semi-transparent grey square that has a subtle, light-colored geometric pattern.The background is a photograph of a modern living room. It features a white sectional sofa with green cushions, a small round coffee table, and a large window with a view of trees. The floor is covered in large, light grey tiles with a stone-like texture. A staircase with a glass railing is visible on the right. The image is overlaid with several large, diagonal green stripes that create a dynamic, layered effect.
